

# CITY OF HOUSTON PARKING MANAGEMENT STRATEGIC PLAN - PHASE II

## Neighborhood District Parking Management Plan Request for Information

### NEIGHBORHOOD CONTEXT AND IDENTITY

The following documents would be helpful in helping us frame the “Neighborhood/District Context and Identity” in preparation for our district parking management plan assessment. We are not looking for you to create any of these items if they do not exist, we are just trying to develop a “district profile”. We also don’t expect to get all of the documents requested below, but this list will give you an idea of the type of documents that would be helpful. If there are other related documents that you feel are current and helpful in defining the issues important to the area and current community development initiatives, please feel free to provide those documents.

#### Requested Background Documents:

- Area maps with significant sub-sections, boundaries, etc.
- Any previous planning studies
- Neighborhood history profile or background
- District management structure overview/description
- Community characteristics summary
  - Demographic information
  - Key stakeholder groups
  - Land-use data
  - Significant historical, cultural, religious, government institutions
  - Significant district events
  - Current market conditions assessment
- Neighborhood/District Master Plan / Strategic Plan
  - Core values
  - Guiding principles
  - Priority action items
- Urban planning initiatives
- Neighborhood brand identity and marketing initiatives
- Overview of district economic development initiatives
- Current active or proposed projects that will impact the district
  - Transportation projects?
  - Infrastructure projects?
  - Development projects?
  - Examples: Parking management district application, complete streets projects, sidewalk/pedestrian improvement projects, wayfinding/signage projects?
- Available funding tools and resources
- Access and mobility profile - Parking and mobility management specific issues
  - Previous parking plans or studies
  - Traffic studies
  - Applicable zoning ordinances
  - Legal and/or regulatory issues
  - District parking resources summary
    - Number of overall parking spaces
    - On-street spaces
      - Metered spaces and rates
      - Non-metered spaces
    - Off-street spaces and rates
      - Public spaces
      - Private spaces
    - Parking enforcement data
  - Current District Parking Management Initiatives
    - Example: Residential Parking Permit Areas
