Re: METRO University Corridor Light Rail Alignment

Dear Mayor Parker:

I am writing on behalf of the Board of Directors of the University Place Association and University Place Super Neighborhood Council, to let you know that our organizations continue to support a Richmond Avenue alignment for the University Corridor light rail. Our position has never wavered from the statement in our August 14, 2006 letter to you: our board believes that the best light rail option for our community and the City of Houston is service along Richmond Avenue.

University Place is bounded by US59 on the north, Brays Bayou on the south, Kirby on the west and Main Street on the east, and includes the Boulevard Oaks Civic Association (BOCA), Morningside Place Civic Association, Old Braeswood Property Owners Association, Southgate Civic Club, Southampton Civic Club, Southampton Extension Civic Club, the Museum Area Municipal Association (M.A.M.A.), and the Rice Village. As you know from their earlier letters to you, many of these organizations support Richmond light rail along with our board members.

We are united in support of the Richmond Avenue alignment, and we appreciate your consideration of our position concerning the light rail.

Sincerely,

Erik Eriksson, President
